Science Kindergarten Studies Weekly

Week 8, Life Science

Homes Assessment

1. Look at the pictures. Circle the pictures that show something that lives in the rain forest. Draw a box around the pictures that show something that lives in the Arctic. Draw a line under the pictures that show something that lives in a wetland. Hint: The pictures show two animals from each place.

Circle yes or no.

2. Honeybees live in an ant hill.

yes

no
